

# Join in The Fight Against Alzheimer's

**Teaming up to not only protect you and your family's future, but also to help find a cure!**

Did you know that in 2014, it was estimated that 5.2 million Americans have Alzheimer's disease, including approximately 200,000 individuals younger than age 65 who have younger-onset Alzheimer's? Or that in every 67 seconds, someone in the U.S. develops the disease? Sadly, many of us are either related to or know of someone who is afflicted with Alzheimer's. The Alzheimer's Association helps raise awareness and funds for care, research and support of Alzheimer's patients and their families. Along with your help, and the donation made by First Infinity Coverage Group on your behalf, we will be giving hope to those impacted by Alzheimer's.

**Now through June 30, 2015,  
First Infinity Coverage Group will donate  
10% of your first month's premium to  
the Alzheimer's Association  
on your behalf!\***
